MARCH 1, 2016

APPLY ONLINE
www.myschoolde.org

CMI is growing to extend its successful program into the middle school years! Beginning in 2016-17, we are expanding to serve two 6th-grade classes, while 7th and 8th grades will be added each subsequent year. Our Middle School program prepares students for success in an IB high school or any college-preparatory secondary school.

The highly engaging middle school program is designed to fulfill our school-wide mission of providing students with the foundational skills required for successful participation in a global society. This is achieved through hands-on, interactive projects that spark curiosity, encourage teamwork, and make connections to real-world issues through:

- International Middle Years Curriculum (IMYC) & the Common Core
- Arts Education and Arts Integration (Music, Visual Arts, and Drama)
- Global Language Instruction in Spanish and Mandarin
- STEAM: Science, Technology, Engineering, Arts, and Technology
- Daily Yoga Practice for Wellness and Mindfulness

Attend an Open House
