EARLY YEARS CAMPUS

4350 1ST STREET NE
PK3 | PK4 | KINDER

ELEMENTARY CAMPUS

220 TAYLOR STREET NE
1ST-5TH GRADES

BIG PICTURE IDEAS!

We know that arrival and dismissal procedures for a two-campus community are complex. We have incorporated the following key concepts into our current and near-term plans:

1. Institute a “Walking School Bus” for 1st–5th graders with siblings at the Early Years Campus
2. Offsite parking options are in place and a shuttle bus pilot is still being worked on
3. Make steady improvements and communicate changes clearly to families and neighbors.

ARRIVAL BY CAR

Elementary Campus

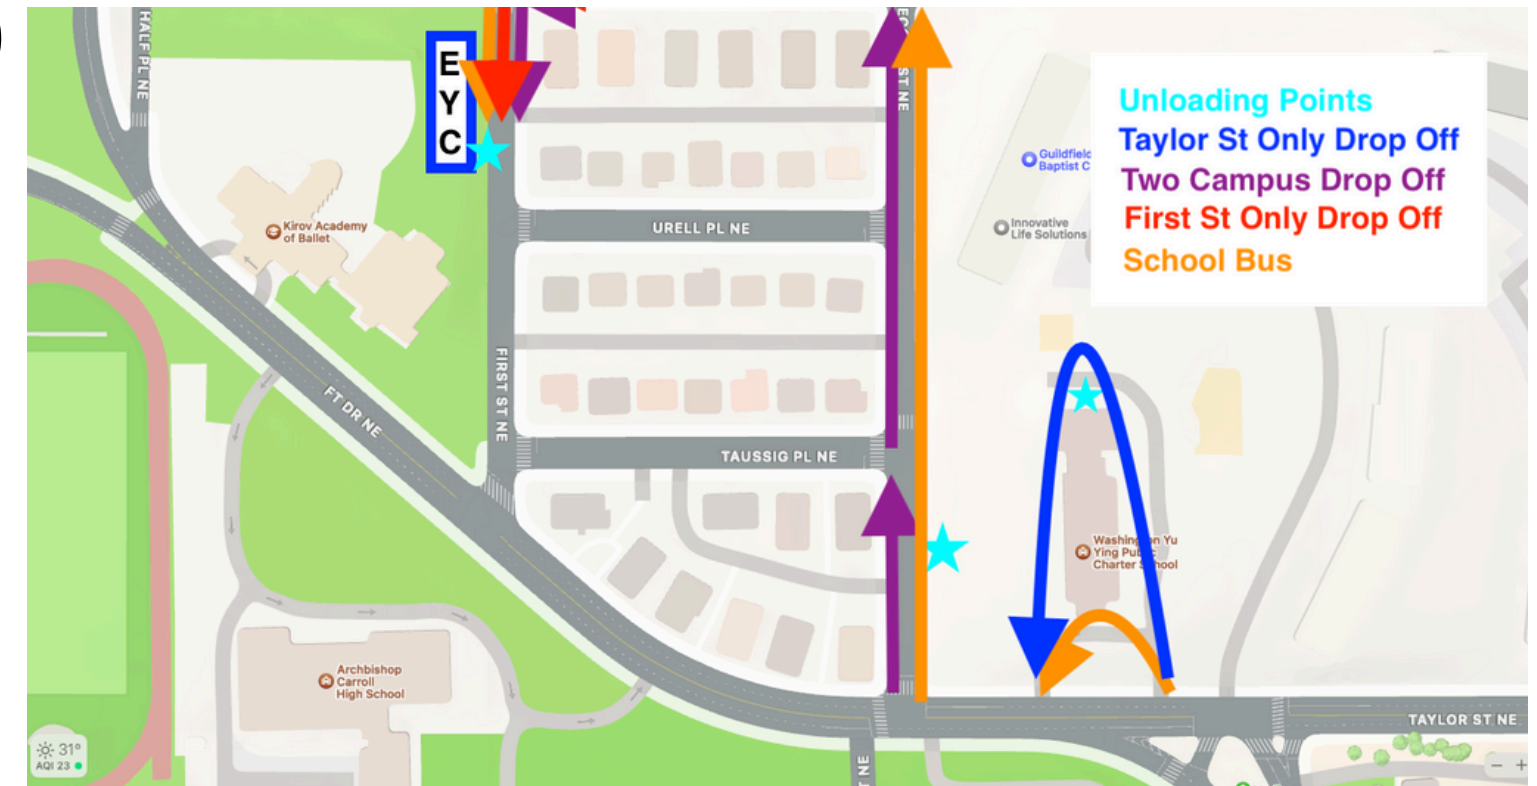

- Families with students in grades 1–5 only will use the big loop that runs behind the MPR (current loop for ECE)

Two Campus Families

- Will use 2nd street for two stop arrival route
 - EC students will unload and walk the nature center
 - EYC student will be dropped off at 4350 1st

Early Years Campus (only)

- Drop off directly at EYC with a kiss and ride option for kids on 1st street; staff stationed outside to assist

ARRIVAL/DISMISSAL TRENDS

EARLY YEARS CAMPUS

4350 1st STREET: PK3, PK4 and K

- Arrival: 8:05AM–8:35AM
 - Smooth Sailing from **8:05am–8:15am**
 - More Congested from **8:15am–8:35am**
- Families carpool to consolidate students in their cars
- Bus/Shuttle/OSSE bus Drop Off takes place in the same window of time
- Dismissal **3:35PM–3:55PM** (Park and Walk Up)
- After Care Dismissal: **5:30PM–6:00PM** (Park and Walk Up)

WHAT WE HAVE SHARED WITH FAMILIES

- ✓ **BE KIND TO OUR NEIGHBORS. LET THEM GO AHEAD OF YOU TO PULL IN/OUT OF THEIR PARKING SPACES TO GET THEIR DAYS STARTED.**
- ✓ **STAY IN THE CARPOOL LINE UNLESS A CROSSING GUARD 🚚 WAVES YOU OUT.**
- ✓ **UNLOAD YOUR EYC KIDDOS CURBSIDE**
- ✓ **ABIDE BY GUIDANCE FROM OUR DDOT AND STAFF, ESPECIALLY IN THE CROSSWALK AREA.**

WHAT WE HAVE SHARED WITH FAMILIES:

DO NOT

-  **PARK IN DRIVEWAYS, ALLEYS, RESERVED OR HANDICAPPED SPOTS**
-  **POP ILLEGAL U-TURNS AT THE INTERSECTION OF 1ST AND VARNUM OR IN ANY OF THE ALLEYS OR DRIVEWAYS NEAR THE SCHOOL.**
-  **LET YOUR KIDS OUT STREETSIDE—EVEN IF IT LOOKS SAFE. THE SIDEWALK SIDE IS WHERE IT'S AT!**
-  **TAKE UP THE WHOLE STREET, THESE ARE TWO LANE ROADS AND YOU MUST LEAVE ROOM FOR ONCOMING TRAFFIC**

DDOT COORDINATION

- PROVIDE SCHOOL CROSSING GUARDS:
 - A. AT THE INTERSECTION OF SECOND STREET NE AND TAUSSIG STREET NE
 - B. AT THE INTERSECTION OF FIRST STREET NE AND VARNUM STREET NE
- ADD STOP SIGNS TO MAKE A FOUR-WAY-STOP INTERSECTION AT FIRST STREET NE AND VARNUM STREET NE, WHICH IS CURRENTLY THRU-TRAFFIC ON FIRST STREET.
 - A. IF A FOUR-WAY STOP IS NOT FEASIBLE, WE REQUEST A RECTANGULAR RAPID FLASHING BEACON (RRFB) TO ASSIST WITH STOPPING FIRST STREET TRAFFIC FOR PEDESTRIANS.
- CREATE A CROSSWALK WHERE NONE CURRENTLY EXISTS ON FIRST STREET NE AND URELL STREET NE, DIRECTLY IN FRONT OF OUR EARLY LEARNING CAMPUS. (TRADITIONAL OR RAISED)
- UPGRADE THE CURRENT CROSSWALK AT SECOND STREET NE AND TAUSSIG STREET NE TO A RAISED CROSSWALK WITH RECTANGULAR RAPID FLASHING BEACON (RRFB). THIS IS A PRIMARY SCHOOL PEDESTRIAN POINT FOR BOTH YU YING CAMPUSES, AND A SITE OF FREQUENT SPEEDING.
